Navigating for Success in the Upstream Evolution

18 November 2021 | Online

Rachel Calvert

Director, Upstream Research, IHS Markit

Rachel Calvert, a research and analysis director with the E&P Terms and Above-Ground Risk team at IHS Markit, specializes in forecasting and benchmarking above-ground risks and regulatory developments for the upstream sector.

Ms. Calvert is based in Singapore and brings more than 10 years of experience in above-ground risk and policy analysis in Asia Pacific, having worked across the region. She coleads the team responsible for developing country and subnational hydrocarbon sector risk and regulatory forecasts for long-term energy investments across oil- and gas-producing and frontier countries. Previously, she led the Singapore branch and Asia analysis division of Exclusive Analysis (now IHS Markit), overseeing numerous risk projects for clients in a wide range of sectors.

She holds a Master of Arts in political science from Johns Hopkins University, United States.
